What's stopping you from owning a G registered family car?

What's keeping you from our 120 L Five that 'Autocar & Motor' (18 June 1988) called 'remarkable ... the only choice if you need a comfortable and practical four seater ...'?

What stands between you and our Skoda 120 L about which Stirling Moss recently said 'if I had to buy just one all-round budget car, then this is the one I'd go for ...?' Sunday Magazine (13 August 1989).

Certainly not the interest you'll pay on finance for twelve months. Because there isn't any.

If you prefer, there are advantageous terms (typical APR 15.5%) allowing you to pay over longer periods. Our purchase plans are as simple, practical and reliable as the cars themselves. Your dealer will take you through all the options on both car and payment structures. We're confident that both will be to your liking.

The drive-away cash price includes all delivery charges, number plates, six months road fund licence and our 24 months unlimited mileage warranty.

So what are you waiting for, Christmas?
This year, it's early.
