

SKODA LET THE SUNSHINE IN

THE NEW RAPID CABRIOLET

SUNSHINE SKODA

You can now have your Rapid Coupé converted to the all new Cabriolet.

Skoda (Great Britain) Limited enlisted the services of one of the leading UK specialists to develop their already well constructed Rapid Coupé into a well designed and soundly engineered Cabriolet.

Each hand-built conversion, carried out on an individual basis by craftsmen thoroughly skilled in their profession, provides a striking two door, four seater convertible.

Skoda safety and built in strength is further reinforced by a steel T. Bar. The hood, made from best quality material is simply constructed for easy erection, while compact stowage beneath the tonneau cover affords superb rearward visibility.

Open or closed, from any angle the Rapid Cabriolet is a winner. The conversion price will not disappoint you either.
